

# The Parish Times

Keeping Hinton Parva, Bishopstone and Russley Park informed.

## RIDGEWAY LINK

It appears that not many parishioners are aware of the Ridgeway Link Service that is available for parishioners. It is an organisation run by volunteers and backed by the local Parish. Anyone in Bishopstone & Hinton Parva can use the service.

If you have no transport and require a lift to the shops, hospital, doctors or dentist etc. within the local area, the Ridgeway Link can take you there and back, dropping you off at the door or coming in with you if you wish.

All you have to do is dial the dedicated number 01793 791192 and a cheerful voice will answer and ask you where you want to go and when. A volunteer driver will be contacted and you will be phoned back with the name of the driver and your details will be checked. They will drop you at the door and someone can come with you if required. They can wait and take you back home.

The Service is free, but they are grateful for donations towards running costs. A donation is confidential and entirely up to you. Little brown envelopes with the Ridgeway Link label are usually on the dashboard so you can slip the donation in, seal it and it will be given to the Treasurer.

Volunteer drivers are also needed.

## CARDIAC SCIENCE POWERHEART DEFIBRILLATOR

The Parish Council has managed to secure a Defibrillator for the Parish and we are currently working with the Village Hall Chair and the Royal Oak with regard to installation.

We currently have 3 volunteers who will take on the role of guardians. The Parish Council would like to thank these parishioners for their offer of help.

Parishioners will be kept informed of further details as they become available.

## FOOTBALL PITCH

Parishioners may recall the intention to revive our forgotten football pitch which is located just outside Bishopstone, on New Road (the road that leads out towards Bourton and Shrevenham). Helen Browning has very kindly agreed to make the field available again and, following a recent pitch inspection we require volunteers to carry out some remedial works to get the playing surface back in to shape eg: filling of holes, white lining, rolling etc.

We will be contacting those that previously showed an interest in helping with a view to setting up a working party and a management group. If anyone else is interested in helping can they please contact <http://bishopstoneandhintonparva.org/football-pitch/>

### Potholes!

Although many potholes have recently been repaired, inevitably new ones will appear over time. Some more severe holes may cause damage to vehicles and there is often an expectation amongst drivers that the responsible council should pay compensation. At its simplest, the position is that a council is not liable for compensation where they can demonstrate that they were simply unaware of a particular problem. However, once a pothole has been reported, that position fundamentally changes and it is incumbent upon the council to effect repairs, ideally before any further damage occurs. In the meantime, however, the council may be liable to compensate for any further accidental damage.

It is therefore important that significant road surface damage is reported to the council as soon as possible. In the case of our parish, the responsible council is Swindon Borough and the number to call is 466252. When reporting a pothole, it is helpful to make a note of the date/time of doing so and the name of the person taking the call at SBC. Passing on the information to a parish councillor may simply delay the necessary information reaching the borough council.

**Please copy the Parish Council into any reports made.**

### Road Closure

Bourton road is to be closed for Culvert Replacement from 13 October 2014 - 21 November 2014 from 20:00 - 6:00

### Free Cycle Parking for Voluntary Groups & Organisations in Swindon

Cycling charity Life Cycle continue to run their free cycle parking scheme 'Take a Stand'. Under the scheme, Sheffield stands will be delivered to a range of organisations, including all voluntary groups, charities, small business etc. The conditions are that the stands need to be installed in the Swindon Borough Council boundary, but not on the public highway. Sheffield stands are the 'n' shaped hoops you see in most high streets.

4 stands are available, suitable for up to 8 bikes. Life cycle will deliver, the applying organisation has to install.

For further information and to apply, follow the link: <http://www.lifecycleuk.org.uk/free-cycle-parking>  
Alternatively, ring Charlie at Life Cycle on 0117 353 4580

## Welcome

The Parish Council always extends a warm welcome to all new and prospective residents of the Parish. We are very pleased that you've chosen to live in our community.

The Parish contains two conservation areas and everything south of the Icknield Way is also in the North Wessex Downs Area of Outstanding Natural Beauty. Many houses are also listed.

Naturally this brings with it all sorts of problems when it comes to tree felling, house alterations, etc. There are also other regulations aimed at

preserving the character and beauty of the parish. If in doubt, please check, we are only a phone call away.

The Parish Council is therefore always available to answer any questions you may have on any particular aspect of living in a conservation area, the area of outstanding natural beauty or in listed buildings. Please do not hesitate to contact either the Clerk, the Chair or any member of the council - the numbers appear on the next page.

We do hope you will be very happy here.

## Parish Documents

The Parish has an archive room in the village hall in Bishopstone. This is not accessible to members of the public, however, with advanced warning any document stored there may be viewed by contacting a member of the council.

Documents of particular importance are also

stored on the parish website and may be viewed by anyone with a PC. Members of the parish without a PC can ask the clerk to provide them with a hard copy.

Documents on the website include the precept, the accounts, standing orders, annual Returns, etc.

## Parish Parking

The Parish has many narrow lanes and these need to be accessible to residents, utility and emergency vehicles at all times. Cars are now being parked along some of the narrowest sections of road (e.g. Cues Lane in Bishopstone, High Street, Bishopstone, etc.) often blocking these routes to even small vehicles. Please remember that emergency vehicles need to be able to move freely down all the roads and lanes of the parish at all times. Could we therefore ask that owners of vehicles park them responsibly and avoid the narrowest sections.

The Village Hall car park in Bishopstone is a private space available only for those using the village hall. It is not somewhere for parishioners to park on a long term basis; whatever the circumstances might be. This is clearly signed on

the wall of the hall.

Cars parked here make it very difficult for legitimate car park users to find space for their vehicles. It is also incredibly inconvenient for those users having to load and unload items, or for the infirm or disabled who wish to make use of the hall.

Provided the hall is not in use, loading and unloading of vehicles is permitted, as is visitor parking for short periods. By prior arrangement with the committee the siting of skips can also be accommodated.

The committee very much regret that it cannot offer parking for those in need, however, hall users must come first and from the complaints received these are frequently finding it difficult to park.

## Protected Trees

Trees are vital to the quality of our lives for a number of reasons:-

- They help make our two villages more pleasant and attractive places in which to live and work.
- They are often a familiar and cherished feature and so provide a sense of place.
- They provide a valuable habitat for wildlife.

They are often older than many of the buildings amongst which they stand and so contribute to our local history.

Because they are so important to our environment all trees within a Conservation Area are protected by law\*. The **whole** of Bishopstone is within a Conservation Area. The **whole** of Hinton Parva centred around the church is also within a Conservation Area.

Anyone planning to cut down or carry out work

to a tree here must give the Borough Council six weeks written notice of their intention to do so.

\*Whilst there are one or two exemptions, such as trees with a diameter of less than 3 inches (measured 1.5m from the ground) or when a tree is in a dangerous condition, you are strongly advised to check first with the Council's Tree Officer since any unauthorised works can be a criminal offence which could lead to prosecution and heavy fines of up to £20,000. Better to be safe than sorry!

The Council's Tree Officer can be contacted on 01793 466318.

*Individual trees or groups of trees that make a particularly important contribution to either of our villages may be worthy of special protection by way of a Tree Preservation Order. If you know of any such trees then please do not hesitate to contact any Member of the Parish Council or the Borough Council's Tree Officer who will be happy to make an inspection.*
